

Louisville Metro Council  
Capital Infrastructure Fund  
Department/Agency Request

Date 5-22-06

Council Member Rina Ward Pugh

Amount \$25,000.00

For ( include public purpose)

Saving of alley to accommodate  
off-street parking for neighborhood  
residents.

Location: Behind North Clifton Avenue, between north  
of Weikel Ave and to Syracuse Avenue (map attached)  
Metro Government Department/Agency Public Works

or

Other Metro Government or Special Purpose District \_\_\_\_\_

Contact Person: Tim Callahan

Agency Phone: 574.3877

Agency Address: 444 So. 5th St. #400

I have reviewed this request for an expenditure of Metro Government tax dollars,  
and have determined that the funds will be used for a public purpose.

**Subject:** RE: help with alley concern

Mary Rose :

Here is the breakdown of the approximate cost to build this alley. ( 220' length x 12' wide asphalt pavement )

Excavation	\$ 2,500.
Tree Removal	\$ 6,000.
Asphalt Pavement	\$ 6,000.
Retaining Wall	\$ 8,000.
Survey/Engineering	\$ 2,500.
Total	\$25,000.

OK to pay. Tina  
522.06

As I mentioned earlier this would be expensive to build due to steep grades and dense trees. A retaining wall or and/or significant easement would be needed to deal with the slopes. Let me know if you or Tina have questions or want to pursue this further.

I sort of assumed as much. However, once Tina knows the cost estimate, she can decide what to do. Thanks!

Mary Rose, I don't know if you are aware are not but there no Public Works funds available for this work. This would need to be placed as a line item in the budget or paid for out of discretionary funds. Sorry to have to share that.

I'm working on an estimate of cost to build this alley. There is right of way behind N. Clifton where an alley could be built however the grade is fairly steep and this will be expensive for a relatively short stretch of alley. I will have the cost for you within the next few days.

Rick/Tim,

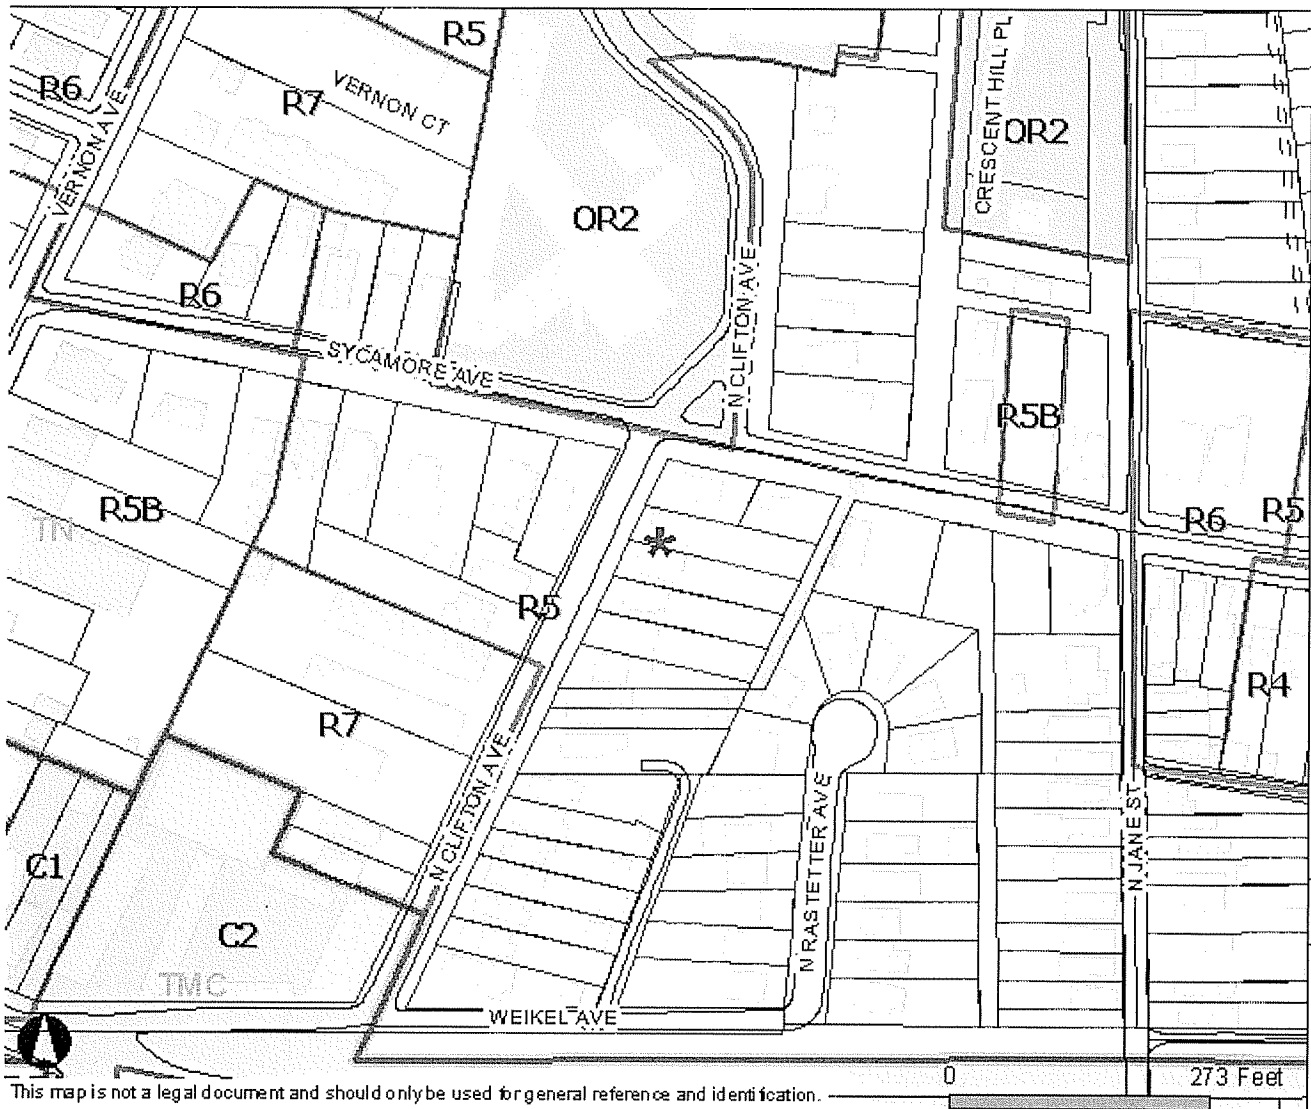

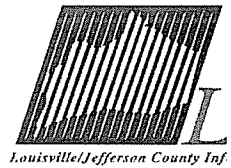

I am following up on S/R # 2918738, which is a request made by Mr. William Murphy, 139 N. Clifton Ave. He has asked that we look at the possibility of completing the alley behind his home so that he & his neighbors can have access & park their cars back there.

Mr. Murphy stopped by our information booth at the Crescent Hill 4th of July picnic to say that, since he originally called us on 6/3/05, there had been 3 additional accidents on his block of N. Clifton Ave. - all of the accidents had cause damage to resident's cars. (His was one of them.)

What do we need to do to get this alley completed? Does Tina need to meet you on site? She would be willing to do that, if you want her to. Please let me know; thank you.
